# ITALY DECLARES WAR ON NAZIS

## Army And Navy Are Counted On As Help To Allies

Ties with "Dreadful Past" Are Broken, Says General Badoglio, Lambasting "German Ferocity"—United States, Britain and Russia Approve Co-Belligerent Status

By RICHARD McMURRAY  
(By The Associated Press)

Italy declared war on Germany today as a co-belligerent of the United Nations.

President Roosevelt, Prime Minister Churchill and Premier Stalin announced the action, signifying approval of the United States, Britain and Russia. Marshal Pietro Badoglio of Italy notified Gen. Eisenhower, supreme Allied commander in Italy, of his government's decision to fight for her former ally.

"By this act all ties with the dreadful past are broken and my government will be proud to be able to march with you on to inevitable victory," Badoglio said.

As co-belligerent, Italy did not gain status of a full fledged ally.

The declaration was the second great Allied diplomatic triumph in two days. Only yesterday, Portugal granted Britain the use of the Azores Islands at the crossroads of the Atlantic for anti-submarine bases.

Some Italian troops and warships already have been in action against the Germans.

The Allies have driven the Germans from about a third of Italy, but the enemy holds Rome and the important industrial areas and air fields in the north.

Italy reentered the war under the Allied banner at a time when the British Eighth army on her Adriatic coast was throwing patrols vigorously to the west in the direction of Rome, and also advancing north of Terni.

Badoglio's proclamation lambasted "German arrogance and ferocity."

"We had already seen some examples of their behavior in the abuses of power, robbery and violence of all kinds perpetrated in Catania while they were still our Allies," he said, "even more savage incidents against our unarmed populations took place in Calabria, the Puglie and in the area of Salerno."

"But where the ferocity of the enemy surpassed every limit of human imagination was at Naples. The heroic population of that city, which for weeks suffered every form of torment, strongly cooperated with the Anglo-American troops in putting the hated Germans to flight."

Italy surrendered unconditionally on September 8. Her declaration of war will have no effect on the armistice, the big three statesmen said.

The British, Soviet and American governments acknowledged the Italian pledge to submit to the will of the Italian people after the Nazis have been driven from their homeland.

Mr. Roosevelt, Churchill and Stalin said it was understood that "nothing can detract from the absolute and untrammelled right of the people of Italy by constitutional means to decide on the democratic form of government they will eventually have."

John MacIver and Robert A. Craig of the Craig Bros. store, returned Monday from a buying trip to New York City.

It was Mac's 46th trip to New York and Robert's 20th. I understand, and never in all of their years of buying did they meet such conditions as on the recent trip.

Trains to and from New York were packed to capacity and only the fact that they had made reservations far in advance were they able to obtain accommodations.

Hotels in New York were jammed and it was only after visiting numerous hotels that they finally found two rooms at the Hotel New Yorker, where the management stated that during the past two weeks 10,000 persons had been turned down for lack of hotel space for them.

Buying conditions were never more disturbed and travel about the city was hampered by tremendous demands of the multitude in the city for the world series and other events.

"In all my 46 trips, I have never experienced anything to compare with this trip," Mac declared in discussing the journey.

SANDUSKY, Oct. 13.—(P)—The freighters Robert L. Ireland and the A. M. Byers collided head-on in foggy Sandusky Bay today, killing one member of the Byers' crew, injuring another and damaging both vessels.

FULL MEANING OF WAR was thrust sharply upon the citizens of Naples when their city became a prize of battle. Shells, bombs and most of all, deliberate Nazi destruction completely wrecked all the public utilities. The Neapolitan family, shown in right photo, was forced to cooking its meager food supply over an open fire in front of the dwelling because the gas supply was wrecked. Destruction of the water supply system by the Germans forced the Neapolitans, left photo, to scoop what little water they could from mouth of main sewer. Army Signal Corps radiophotos. ## Lend-Lease Probe Demanded; Father Draft Scrap Revived

WASHINGTON, Oct. 13.—(P)—Congressional demands for an investigation of lend-lease sharpened today despite President Roosevelt's assertion that this is no time to be stirring up bitterness.

While the president was talking with reporters, however, Senator Ellender (D-La.) was demanding in the Senate to know if lend-lease is to be a "one-way street."

"I don't expect China ever to repay what we have given her," he said, "and I don't think Russia can do it at this time, but I do believe that Great Britain could help us by giving back some of the materials we have been furnishing her."

Ellender, who was not a member of the Senate's war inspection group, said he thought Congress ought to find out whether Britain isn't able to pay cash for goods shipped to her for civilian use, saying, "We have been getting L. O. U.'s."

## MILLION GALLONS GASOLINE USED ON ONE DAY'S AIR RAID; MORE TALKATIVE, FDR SAYS

WASHINGTON, Oct. 13.—(P)—President Roosevelt showed increasing signs today of being less chary about giving out war news.

With official reports from all over the world at his elbow, he has volunteered, at his last two press-radio conferences, appraisals of late developments in Europe, the Pacific and at home.

While no reasons were given for offering these analyses to the American people, there have been complaints from the press, Congress and other quarters that the country was not getting enough war news and that Prime Minister Churchill of Britain was divulging information which American correspondents knew but were honor-bound not to print.

Yesterday, minus prompting, Mr. Roosevelt singled out as the important news of the day Britain's agreement with Portugal for use of Azores bases. He said it seemed obvious that in emergencies the United States would use British facilities to protect

American lives and ships. Both Britain and the United States, he said, have assured the Portuguese they have no territorial ambitions in the islands.

The president stressed what he called the amazing record of American submarines in the Pacific and the destruction of enemy shipping faster than it can be replaced. In the last six months, he asserted, sinkings have averaged about 130,000 tons monthly, or about 1,400,000 tons a year.

And, to give the people an idea of how they are helping to pound Germany by air, the chief executive produced more statistics:

In the 855-plane raid Friday on Bremen and Vegesack, almost 1,000,000 gallons of gasoline and 25,000 gallons of oil were used. The planes carried some 2,500,000 pounds of bombs, 2,750,000 rounds of ammunition, 800 pounds of maps, and more than 5,000 crewmen. They flew at least 850,000 miles and traveled 1,400 miles in taxiing, taking off and landing.

(The Office of War Information reported last night that the gasoline shortage will "intensify for the duration" because of swelling war demands.)

Most of the presidential news conference was devoted, however, to taking apart statements of some of the five senators just back from a round the world inspection tour. Mr. Roosevelt made it clear that he thought this is no time to be stirring up bitterness.

CUT IN COST OF LIVING IN OHIO TO BE SOUGHT

CLEVELAND, Oct. 13.—(P)—The labor division of the Office of Price Administration is campaigning to cut the cost of living in Ohio and neighboring states to two percent and food costs five percent through increased compliance with OPA regulations.

Robert R. Brooks, director of the OPA's labor division, yesterday attended the first of 12 meetings to be held with labor advisory committees in this area.

## NAZIS WEAKENED BY GUERRILLAS

Troops Have To Be Sent To Fight Yugoslavs

LONDON, Oct. 13.—(P)—Germany has discovered she has insufficient soldiers in Yugoslavia to hold the patriot armies at bay and has been forced to send in large reinforcements, a Yugoslav liberation army communique said today.

Troops that are badly needed in Italy and elsewhere along the Mediterranean front have been ordered by the German High Command to all sectors of Yugoslavia, particularly around Susak, Karlovac, Zagreb and Doboj, declared a war bulletin broadcast by the Free Yugoslav Radio.

The communique said that around these cities the Germans have concentrated sufficient strength to open an offensive against the patriots.

The Swiss radio, broadcasting reports from Yugoslavia, said patriot forces had battled their way into the outskirts of the important city of Zagreb and that fierce fighting for possession of the city had begun. The Yugoslav communique, however, made no mention of fighting in the Zagreb environs.

PHILADELPHIA, Oct. 13.—(P)—Existence of a revolutionary new compass, which has been guiding United Nations bombers to their objectives and home again for months, was revealed today.

Charles Marcus, vice president in charge of engineering of Bendix aviation corporation, said the compass was the result of seven years of research by the company, and its existence can be revealed now because one or more of them have fallen into enemy hands.

"There is no possibility that the enemy can catch up with us, however," he said, "because it will be impossible for them to get it into volume production during this war."

OHIOANS' GENERAL IS AWARDED MEDAL

WASHINGTON, Oct. 13.—(P)—Major Gen. Robert S. Beightler, commander of Ohio's 37th Division, received the Distinguished Service Medal for "inspiring leadership" against the Japanese on New Georgia Island in the Solomons, the War Department announced.

General Beightler's "repeated presence" with forward elements during combat helped maintain high morale and was the principal factor in the forward drive of the troops over extremely difficult terrain, the citation reported.

Less And Poorer Gasoline Likely For Civilians As War Needs Grow

WASHINGTON, Oct. 13.—(P)—Civilian drivers were bidden by the Office of War Information (OWI) today to expect poorer gasoline and less of it, because a big share of the fuel produced east, southeast and midwest must be shipped abroad in 1944 and 1945.

The domestic gasoline shortage will "intensify for the duration," said an OWI report on civilian supplies, and even the Pacific coast—which now has high

stock levels—faces the prospect of "more severe rationing."

OWI conceded several governmental errors in the handling of the gasoline problem but contended that:

"The government has met military demands fully—demands unprecedented in modern warfare. It has maintained essential civilian transportation, although at times with difficulties."

Civilians are getting 1,200,000 barrels of gasoline daily, instead

## YANK FLIERS WATCH NAZIS RAVAGE ITALY

ALLIED HEADQUARTERS

Algiers, Oct. 13.—(P)—The Germans are carrying out a systematic campaign of looting, killing and terrorism in Italian villages northeast of Naples, two American airmen reported today after spending nine days behind the enemy lines.

Lt. William C. Henley, 26, a navigator of Connorsville, Ind., and Lt. Robert E. Thomas, 23, co-pilot of St. Petersburg, Fla., bailed out of their B-26 Marauder bomber with other members of the crew and then made their way back to their own lines through the hills.

The pilot, Lt. Basil B. Burnstad of Minnesota and one of the gunners of the twin-engine plane were rescued by American patrols on another sector of the front. Two gunners, both enlisted men, still are missing.

Henley and Thomas saw German troops burn houses and haystacks, slaughter livestock and shoot civilians.

"We mostly hid in the hills during the day," Henley said. "In one town some 30 miles from Naples several Germans had been killed by Italians, so German patrols came in with orders to kill 10 Italians for every dead German. And they shot plenty."

"The Germans are taking young men and forcing them into labor gangs to repair bridges we are bombing. They have to keep working while our planes are bombing the bridges and many of them are being killed."

All young Italian girls in the region have fled to the hills and are living in caves until American troops drive the Germans from the villages, the airmen said.

Both youths returned impressed by an infantryman's eye-view of the air raids. They saw more than a dozen raids by American fighter-bombers and heavy and medium bombers hitting at road and rail junctions and enemy gun positions.

"It was the first time I had seen what our planes can do," said Henley. "Boy, they are terrific. I don't want to get caught in any more American bombing raids."

No Allied planes were lost. In Cairo the RAF announced that heavy bombers, continuing the bomb-lashing of the Dodecanese, had hammered Maritza airfield on Rhodes Monday night, and other planes hit the harbor of Cos last night. One RAF plane was lost.

RAF Baltimore harried Nazi communications in the Adriatic sector, and two hours before dawn today RAF Wellingtons battered railway bridges and yards at Civitavecchia on the west coast, causing heavy damage to these transportation funnels.

Photographs of the American Fortress raid on the Tatol airfield near Athens Sunday disclosed that a third of the enemy planes on the ground there had been destroyed.

Reds Widen Offense

With the German air force reported definitely on the defensive over the vast Russian front, Soviet armies were steadily developing their ever-widening bridgeheads on the west banks of the Dnieper River today, and have, according to Berlin, launched a new power drive north of the key city of Kiev, capital of the Ukraine.

The Russian army newspaper, Red Star reported abandonment of aerial offensive tactics by the Nazis. The newspaper's military

## RURAL SCHOOLS NEED HELP TO ISSUE BOOK 4

Bloomington Only School Not Needing Volunteers, Hilly Estimates

Appealing for volunteer registrars to help issue Ration Book 4 in the county schools, Superintendent W. J. Hilly today issued estimated quotas of extra workers needed by each of the 16 county schools to facilitate the registration. Estimates were based on the number of Ration Books 2 issued at each school last year, Hilly said.

Bloomington school, with 14 teachers will need no volunteers, he believes, as the teaching staff will be adequate to issue the books. Last year, 750 books were issued.

Conner school, which issued 225 books will need two volunteers to supplement its teaching staff as will Staunton school, which issued 242 books at the last school registration. Buena Vista, 275 books; Olive, 250 books; New Martinsburg, 390 books; Bookwalter, 278 books and Yatesville, 305 books.

Milledgeville's estimated need for volunteers is six to supplement its teaching staff of four. The school issued 1057 books last year. Madison Mills, with 928 books issued, will need three volunteer registrars. Marion, issuing 630 books, will need six extra workers and Jeffersonville, with a teaching staff of 15, needs eight more workers. Last year, the school issued 1800 books.

Chaffin school, issuing 410 books, will probably need two extra workers and Eber school will need three volunteers to take care of the issuance of ration books. Eber registered 500 books last year. Wilson school, with 733 books issued at the last registration, will need five assistants and Good Hope school will need six additional registrars. Good Hope school issued 1030 books last year.

## MERCURY AT 83 DURING TUESDAY

Summer Heat Is Recorded in Community

Tuesday brought summertime temperatures, with a peak registration of 83 degrees, U. S. Observer Chalmers Burns reported Wednesday.

The minimum for the day was 46 degrees and 8 A. M. Wednesday, the registration was 51 degrees, with indications the temperature would mount rapidly, although rains were forecast for later in the day.

A year ago, 71 and 41, about a seasonal normal, were registered here.

## TWO GRASS FIRES NEAR SAME TIME

Warning Issued by Chief Hall As Result

Two grass fires at almost the same time, Tuesday afternoon, brought a warning from Fire Chief George Hall for citizens generally to exercise care during the present dry weather, to prevent dry grass and leaves from becoming ignited by a carelessly dropped cigarette stub or match.

One of the fires was on Washington Avenue, and while part of the firemen were working on it, a second alarm came from the Ohio Oil Plant on South Fayette Street, where fire had started near storage tanks.

Both fires were extinguished in short order.

FUNERAL SERVICES HELD FOR WILLIAM C. ALLEN

Funeral services for William C. Allen were held at the Kiever Funeral Home, Tuesday at 2 P. M. Rev. George Parkin was in charge of the services.

Mr. and Mrs. Laris Hard sang the two hymns "The Old Rugged Cross" and "The Last Mile of the Way".

Palbearers were Otto Lee, Luther Penwell, Charles Nelson, Earl England, Rufus Reaford and Emmitt Hays.

Burial was made in the family lot of the Washington Cemetery.

## COUNTY FACES FAILURE IN WAR BOND DRIVE

Only Self Criticism Revealed In Query To See Why County Is Short

Fayette Countians Wednesday had purchased a total of \$907,673 in War Bonds—a sum \$110,329 short of the \$1,018,000 quota.

Faced with the not-so-remote possibility that Fayette County will fail for the first time to meet a War Bond quota, comments made by people here are varied. "I thought I did my part, but I guess it wasn't quite enough", one man said and another declared: "Maybe we won't make it this time but we sure can make up for the difference by over-subscribing the next drive."

"Unless a miracle happens Thursday, that 'too little and too late' story certainly can apply to us here", still another explained. Nobody offered excuses; each person queried implied that if he himself had done just a little bit more than he did, the quota would have been met.

With 21,000 people in the county, 3,614 people bought bonds. If the other 7,386 people will put an average of \$7.50 each into bonds, the quota will be met. "That has to be done right away so that the orders will be in the Federal Reserve Bank in Cleveland by the close of business Saturday" one man reminded, saying that responsibility is not lifted from the shoulders of those who have already purchased. "They have time to buy another bond too", he added.

## PROBE OF LEASE-LEND PROGRAM DEMANDED; FATHER DRAFT ROW ON

(Continued From Page One)

Rep. Clason (R-Mass) to boost the payments to \$80 monthly for a wife and one child, with \$20 extra for each additional child.

This scale was approved by the Senate last week, but the Democratic-controlled House committee recommended \$75 monthly for a wife and one child, \$95 for a wife and two children, and \$15 for each additional child.

Present payments, including the \$22 deduction from the service man's check which would remain unchanged under the new proposals, are \$62 for a wife and one child, and \$10 for each additional child.

None of the new plans would boost the \$50 a month now paid a wife only.

While the House tackled the allowance question, with a vote not expected before late Thursday or Friday, a subcommittee headed by Rep. Costello (D-Calif) began rewriting the Senate's substitute for the Wheeler father draft deferment bill.

## Ohio River Improvement

A \$200,000,000 post-war profit to control pollution in the Ohio River has been recommended to Congress as a means of safeguarding the public water supply and reclaiming streams in the Ohio River drainage area for recreational purposes.

The recommendation, made by the three-man Ohio River committee and concurred in by the War Department and the army corps of engineers, followed a five-year field and laboratory survey of domestic and industrial wastes and acids from coal mines, that flow into the Ohio and its tributaries.

The project calls for the establishment of sewage disposal plants in 27 metropolitan areas.

A four-volume report on the survey is now before the House committee on rivers and harbors

with a War Department request that appropriations and construction authorizing be deferred until after the war to conserve critical materials.

The report, which declares organic pollution of the Ohio River and its tributaries is at a peak now that the acid flow will grow as more coal is mined, says the Ohio River proper is polluted "to the extent that 30 sources of public water supply, serving about 1,660,000 people, are endangered."

In brief the committee proposes that "the Ohio River Valley Water Sanitation Compact be modified and vitalized to provide an improved means for uniform and effective control of all pollution."

The 27 cities designated for construction of sewage disposal plants are: Evansville, Ind.; Ashland, Catlettsburg, Louisville and Owensboro, Ky.; Cincinnati, East Liverpool, Girard, Ironton, Niles, Portsmouth, Sidney, Steubenville, Warren and Youngstown, O.; Aliquippa, Ambridge and Pittsburgh, Pa.; Chattanooga, Knoxville and Nashville, Tenn.; and Charleston, Elkins, Huntington, Parkersburg, Weirton and Wheeling.

## ALLIES RENEW DRIVE IN ITALY AS RUSSIANS SPREAD OUT ATTACK

(Continued From Page One)

expert, Lieut. Col. Nikolai Denisov, said the initiative had passed to Soviet airmen.

Terrific bomber losses suffered by the Germans in air battles over Orel, Belgorod and Kharkov and the steady deterioration of enemy fighter strength combined to wipe out Nazi air superiority, according to Denisov.

Berlin did not expand on its report of the new Russian drive "north of Kiev," but said that strong Soviet attacks have been taking place since Monday and that "heavy fighting was still in progress" yesterday.

The Russian war bulletin also reported fierce fighting in the battles of the Dnieper, but failed to mention specific areas. It recounted deeper penetrations "many miles" west of the river and indicated that the pincer enveloping operations around Kiev were proceeding satisfactorily.

In White Russia, Soviet columns were edging closer to Vitebsk, northern anchor of the German defense wall, overcoming fierce opposition.

## Japs Hit in Air

In the Southwest Pacific, Japan's badly mauled New Guinea airforce now has to reckon with a new sky menace—the P-47 Thunderbolt.

Gen. Douglas MacArthur's headquarters disclosed today that four of these new fighters piled into 32 Japanese fighters over Wewak, New Guinea, Monday and sent at least eight down to join the approximately 500 enemy aircraft which have been wiped out there since mid-August. Two others may have gone down.

The four Thunderbolts were unscathed.

One Thunderbolt pilot, Col. N. E. Kearby, 32, of Dallas and San Antonio, Tex., got five Japanese planes to become an ace in a single engagement.

But the Japanese airforce got in some licks elsewhere. The communique said the enemy raided Guadalcanal on an unspecified date and caused damage to American shipping in those Solomon waters. Other enemy planes struck three times at Gen. MacArthur's newly acquired air base of Lae, New Guinea.

## ITALY DECLARES WAR ON GERMANY—THREE ALLIES GIVE APPROVAL

(Continued From Page One)

But in a joint statement they added that the relationship of belligerency, of itself, could not affect the armistice terms, which retain their full force and can be adjusted only by agreement among the Allied governments "in the light of the assistance which the Italian government may be able to afford the United Nations' cause."

An Italian declaration of war would be another diplomatic reverse for Germany, following closely the alignment of Portugal with Allied interests through the granting of anti-submarine bases in the Azores Islands, crossroads of the Atlantic.

Lisbon dispatches said British warships already were in the Azores Harbors and troops had landed to help the Portuguese defend the ports.

Hopes grew in the British capital that Eire, Turkey and other neutrals might follow Portugal's example and extend military facilities. Portugal's action showed her firm belief that Germany had lost the war and was powerless to take reprisals.

The enemy apparently was caught flat-footed. A declaration of war by Germany on Portugal was not expected, because that might bring Spain into the war against Germany and place Allied troops at the border of southern France.

In declaring war on her former Axis partner, Germany, Italy today completed an about-face which almost duplicates the course she followed in World War I.

Her stand at the side of Germany in the present war ended September when Gen. Dwight D. Eisenhower announced the unconditional surrender of the government of Premier Pietro Badoglio.

Actually the armistice was signed on September 3, the day Allied troops invaded the Italian mainland after their 3-day conquest of Sicily.

Italy was an Axis partner for three years, two months and 29 days. Benito Mussolini's forces attacked a prostrate France on June 10, 1940, in the hope of winning some cheaply gained loot.

Since her surrender she has given the Allies some help in the form of organized resistance to German occupation—ordered by the Badoglio government—and a valuable prize in the Italian fleet, but today's action places her once more in the position of turning formally against a power with which she had been allied.

When the first World War began, Italy had a triple alliance with Germany and Austria. She declared, however, that the pact did not call for participation in "aggressive action" and declined to take up arms.

She remained neutral for 10 months, then came into the war on the side of the Allies and participated as one of the "Big Four" in the Treaty of Versailles.

Italy's part in the present was has been filled with defeats and increasing German domination.

Theoretically an equal partner of the Axis at the outbreak of the war, she found herself at the time of the Allied invasion of the main-

land reduced to German vassalage and the object of German scorn. Italy's casualties while fighting at the side of Germany were considerable, although nothing like those suffered by Germany on the Russian front, and a total of nearly 1,000,000 Italian prisoners now are in Allied prison camps.

## LESS, POORER GASOLINE LIKELY FOR CIVILIANS AS WAR NEEDS GROW

(Continued From Page One)

for fueling aircraft and military vehicles means "further curtailment of this component in civilian gasoline, with a consequent decline in motor and mileage performance."

An error in estimating "off-the-highway" use of gasoline—farm tractors, sawmills, and the like—contributed to this year's drain on east coast supplies, OWI disclosed. In the absence of records on such use, allocations were based on estimates. When coupons began coming back to ration boards it was discovered that off-the-highway use was four times greater than reckoned.

In a single hour, a 105-mm. cannon can fire more than three tons of steel.

## TRENNER FACES ROBBERY CHARGE IN COURT HERE

Dennis Pennington Files Complaint Against the Man

Richard Trenner, driver of an automobile in which Dennis Pennington, of near Buena Vista, was robbed Sunday night, on the Waterloo Road, is now facing a charge of highway robbery, filed against him by Pennington, who was robbed of \$6.

Trenner was taken before Justice of the Peace George Worrell, Monday afternoon, and was represented by Charles S. Hire.

Trenner pleaded innocent and asked for a hearing, which was set for Thursday at 10 A. M. His bond was fixed at \$500 cash.

Failing to furnish bond he was returned to the city jail to await a hearing. Pennington told police that he

was to pay Trenner \$1 to take him home, and instead Trenner drove out on the Waterloo Road, halted his car, and a third man suddenly appeared from the darkness and held him up. Trenner said he had his money hidden and the man did not find it. Pennington was relieved of \$6, all he had in his pockets.

Trenner then drove onward and returned Pennington to this city, where the robbery was reported.

Because of unusual circumstances connected with the robbery, Trenner was taken into custody soon after the robbery, and has been held in city jail.

Meanwhile the third man in the affair has not been found.

Portugal Big Help To Allies In Giving Bases on Azores From Which To Fight Subs

Portugal's sturdy move in permitting the Allies to use the Azores as a base was given as a powerful new weapon with which to combat the U-boat menace, but one of the most impressive aspects of the concession is the fact that this peanut-size country is the first of the little European neutrals to look Hitler squarely in the eye and say, "Who's afraid of the big, bad wolf?"

The British press today is speculating hopefully whether Portugal may be the spear-head to open the way for other neutrals and non-belligerents. So far as Europe is concerned, Sweden and Turkey are possibilities. And we shouldn't overlook the small Axis satellites—Bulgaria, Rumania and Hungary—which are eagerly trying to find an escape from Hitler's clutch.

Some observers also seem to feel that Portugal's action in granting a base in the Azores, while still maintaining neutrality on the continent, establishes a precedent under which Russia might lease the Allies air bases in Siberia, thereby immeasurably shortening the war against Japan. Certainly the precedent is interesting and perhaps useful, but I think we may take it for granted that any such move by Russia would be premised on a mutually satisfactory understanding on all disputed points at the coming Moscow conference among representatives of the big three—Russia, Britain and America.

From the military standpoint the Azores are a Godsend to the Allies. There has been a "blind spot" in the Atlantic submarine warfare which neither American nor British land-based warplanes could reach because of the great distance. The Allied aerial assault on the U-boats has been devastating when the submarines were within range of our east coast or the British Isles, but this blind spot has provided a fruitful if not happy hunting ground for Hitler's under-water pack. Warplanes based on the Azores can reach this area, and the protection will be particularly useful for our convoys going through the Mediterranean—a vastly important feature.

It's just a matter of extreme satisfaction that we have this development just as Secretary of the Navy Knox returns to his desk in Washington after his warzone tour to warn that the renewed warfare of the German submarines in the North Atlantic is "very serious."

"Let's not make a mistake about it," said the secretary. "Submarine warfare will be serious to the end of the war."

Germany's reaction to Portugal's move is awaited with keen interest. Up to this writing, Berlin has been moving with extreme caution. German radio spokesmen have been trying to minimize the importance of the event, saying that Lisbon's general foreign policy presumably will be unaltered, which is to say Portugal doesn't intend to make war on Germany.

However, it cannot but have a dampening effect on the Germans to see this further demonstration that the little countries are rapidly losing their fear of the great military machine which long terrified them. This will be driven home by recognition of the fact that, while Hitler might take revenge by some such move as the bombing of Lisbon, there is no way which he can get at Portugal with advantage to himself, since Spain lies between him and his little tormentor. In short, if the Fuehrer is smart he will hold his nose and swallow the medicine.

Actually, a "neutral" Portugal has been and may continue to be mighty useful both to the Germans and the Allies. Lisbon is one of the grandest listening posts in the world. There the secret agents of all the belligerents congregate as thick as flies to pick up information. They rub shoulders on the streets, drink at the same bars, dine at neighboring tables, and search one another's rooms and baggage. It's an amazing set-up, but one which is agreeable to all parties.

This is a family war. Put your War Bond buying through the payroll savings plan on a family plan, which means figure it out yourself.

## ENTERTAINMENT FOR ROTARY CLUB IS BY STUDENTS

Appeal Made for Support Of Blood Bank at Business Session.

A triple trio, composed of young girls of Washington C. H. High School delightfully entertained the Rotarians and guests at the club luncheon, Tuesday noon, at the Country Club.

The girls appeared under the direction of Miss Mary Elizabeth Browning, vocal music instructor of the city schools and were introduced by Paul Fitzwater, instrumental music director of the city schools.

The young ladies gave several selections which were well received by the audience.

The girls who compose the triple trio are, sopranos, Virginia Mark, June Cook, Nancy Ann Devins; second sopranos, Joan Kellogg, Janice Murray, Jane Pittenger; altos, Doris Brandenburg, Claire Frances Campbell, Gloria June Hoppes.

Another appealing feature of the program presented by high school talent was the appearance of Miss Sarah Keck, instructor in English and dramatics at the high school, who after a very clever preliminary talk, gave a series of brief readings which displayed very marked ability. She won the enthusiastic praise of her hearers.

**Blood Bank Appeal**

During the business session of the club, immediately following the luncheon hour, Judge Harry M. Rankin was called upon by President Carroll Halliday and made an earnest appeal for more active interest on the part of Rotarians and the public in general in helping Fayette County provide its full quota of blood donors.

Within the next few weeks, another visit will be made to this city by the Red Cross Blood Bank Unit to secure blood donations to be used in the process of providing blood plasma for wounded men among our armed forces.

Judge Rankin explained that it has been difficult in the past to obtain 300 people in this city and county to furnish blood each time the Red Cross visited the city and that this was considered a comparatively poor showing in view of the fact that nearly 2000 Fayette County boys are now active members of the nation's fighting forces.

For next Tuesday's Rotary program it was announced that the featured speaker will be Attorney Harold Houston of Urbana, who comes to the club with a reputation as one of Ohio's most polished orators. He has agreed to make the trip here through the earnest solicitation of special friends who have sought him as a speaker here for the past two years. He is well known over the state as one of Ohio's outstanding attorneys and is so busy in his professional work that he seldom accepts an invitation to speak, although he receives hundreds of requests.

## Marguerite Class Entertained by Marguerite Powell

The Marguerite Class of the First Presbyterian Church met at the home of Mrs. Marguerite Powell, for a delightful business and social meeting. The assisting hostesses were Mrs. Walter Beatty and Mrs. John Sagar.

Devotions were given by Miss Clara Davis after which the president, Mrs. Charles Reineke, presided over the business meeting.

During the business, a report was made by the members on the sale of book review tickets, which will be given at the church October 21. It was decided definitely at this meeting to have a nursery department in the Sunday School for children under three and one half years of age and volunteers from the Marguerite Class will have charge of it. Overseas Christmas boxes were filled and wrapped by the members, to be sent to boys from the church, who are now overseas and it was also decided during the course of the meeting, to send Christmas gifts to those in the Sidney Home for the Aged. The meeting was then adjourned by the president, and the remainder of the evening was spent in visiting and the hostess, assisted by her committee, served a dainty and tempting salad course. For the occasion, the lovely Powell home was nicely decorated with unique flower arrangements.

## Mrs. Minnie Flee Entertains Loyal Daughters Class

The Loyal Daughters' Class of the North Street Church of Christ are indebted to Mrs. Minnie Flee, for a very interesting and profitable meeting, Tuesday evening, and she was assisted by Mrs. Chan Hyer and Mrs. Mary Hughes.

Impressive devotions were given by Mrs. Hughes, after which the president, Mrs. Sherman Hidy, conducted the business session. Tentative plans were made for serving canned fruits and vegetables to the Cleveland Christian Home, Cleveland, to each member, to fill and return to the Cleveland Home, and it is hoped that large contribution can be turned in by the next meeting.

At the close of the meeting, the hostesses served a tempting salad course in the dining room which was attractively decorated with masses of vari-colored fall flowers.

The next meeting will be held at the home of Mrs. Clifford Ervin, November 9.

## Ladies' Aid of Bloomingburg Have Luncheon

The Ladies Aid Society of the Bloomingburg Presbyterian Church met Tuesday afternoon, at the home of Mrs. Anna Larimer, for a delightful covered dish luncheon and business meeting.

For the serving of the luncheon, cafeteria style, the guests assembled in the dining room. One long table, prettily centered with a fall nature scene, cleverly arranged by the hostess, and one smaller were placed for the convenience of the numerous guests.

Following the highly enjoyable hour at the tables, the guests were invited to the living room, where the business meeting was conducted by the president, Mrs. John Glenn.

At this meeting was the harvest devotional service, prayers were offered by Mrs. Charles Porter and Mrs. Sarepta Short.

During the course of the meeting, a discussion was made of the election supper to be held at the Presbyterian Church, November 1.

The meeting was adjourned and the members then contributed various appropriate readings and a Bible contest was conducted.

## Bookwalter Ladies' Aid Holds October Meeting

The Bookwalter Ladies met at the home of Mrs. Larry Allen for the October meeting and she was assisted by Mrs. Louise Vannorsdall.

The devotions were given by Mrs. Alexander following which the president, Mrs. Hallie Miller, presided over the business session. The sending of Christmas boxes to soldiers was discussed with the committee reporting seven boxes sent overseas.

The remainder of the afternoon was spent in visiting and late in the afternoon, refreshments were served by the hostess.

## Shower Given by School Faculty Fetes Mrs. Dowler

The faculty of Jeffersonville School was delightfully entertained at the home of Miss Pauline Thomas in South Charleston, recently.

As well as being the first regular get-together of the faculty for the school year, it was of special significance as a shower for Mrs. Wayne Dowler, Commercial Instructor at Jefferson-bridge.

The faculty members who had taught with Mrs. Dowler last year and school secretary, Miss Beulah Sears, presented her with a beautiful coffee table. In addition each guest brought a lovely gift for the kitchen, for which Mrs. Dowler voiced gracious appreciation.

The attractive home of Miss Thomas was artistically decorated with autumn flowers, their glowing colors forming a lovely background for the group of attractive young women.

president, Mrs. C. E. Rice, was in charge.

Mrs. Dewitt Foster led the devotions.

During the business session, plans were made for their Christmas bazaar, to be held later.

A pleasant social hour followed, and Mrs. Wilson with her assistant hostesses served tempting refreshments to the 30 members and guests present.

### Fellowship Supper

A fellowship supper will be held at the Friends Church Wednesday evening, October 13, at 7 P. M. The membership of the church and friends are invited to this potluck supper.

### Jitney Supper

Circle 1 of the Methodist WSCS are inviting their friends to attend their jitney supper at the dining room of the church Thursday evening, October 14, at 5:30 P. M.

### Mrs. Shown Hostess to WSCS

Mrs. Charles Shown was a gracious hostess Wednesday to the WSCS of the Methodist Church Circle 2 for their regular meeting.

Mrs. Raymond Cline, chairman of the circle, led the devotions and was in charge of the business hour.

Mrs. Lewis Wilson, assisted by Mrs. Case, Mrs. Stanley Johnson, Mrs. Shown and Mrs. James Richards presented the program to the 16 ladies present.

"The Dollar Speaks" was the theme for the program and told

how the dollars help when contributed to the church fund.

The meeting was dismissed to meet at the church in an all day meeting and potluck dinner Wednesday, November 3. This will be a joint session of the 3 circles.

### Attend Funeral

Mrs. Walter Stackhouse, Mrs. J. M. Snider, Mrs. Dave Morris and Miss Faye Stultz attended the funeral services for Mr. Willard Stowe at Highland Methodist Church Wednesday.

### Annual Potluck Dinner

Mrs. Maggie Latham and daughter, Mrs. Bessie Tysor, opened their home on West Washington Street for the annual potluck dinner of old neighbors on that street.

Those present to enjoy the bounteous meal and enjoy the day together were Mrs. Ida Thornhill, Mrs. N. H. Gudgen, Mrs. J. M. Russell, Mrs. Forrest Thornhill, Mrs. Rose Bentley, Miss Monahan and the hostesses, together with Rev. and Mrs. Meacham, who were invited guests.

# Spirit Made Yankees Champions

By JUDSON BAILEY  
NEW YORK, Oct. 13.—(P)—This is a story about why the New York Yankees have won seven American League pennants and six world championships of baseball in the last eight years.

It also is a story about Joseph Vincent McCarthy, the 56-year-old Irishman who is the manager of the Yankees.

Coming back on the train from St. Louis, where the Yankees had

just finished tramping on the Cardinals, McCarthy was sitting up late at night in a diner.

"You'd think I would be able to sleep tonight," Joe said, "but I can't. Now that the pressure is off I just want to sit here and relax."

Someone stopped to congratulate McCarthy and told him he had done a great job with a bad ball club.

The hot Irish temper flushed up in McCarthy and he retorted

in a bristling voice: "Who says it is a bad ball club? I never said it was."

"I'll tell you something," he continued, his tone mellowing. "I knew at Ashbury Park last spring that this ball club would win the pennant."

"I knew it, and I'll tell you why. It had the championship spirit. That's what wins pennants."

"You can look at a player and tell if he's a champion. If he is then it doesn't make a lot of difference about his batting average, or about his making errors now and then. If he's a champion he'll win for you."

There is McCarthy's own formula for victory. It is only com-

plete, however, when you add that the manager himself has the championship spirit more intense than any of his players.

McCarthy's whole life is devoted to winning and nothing less than victory satisfies him.

Yet there was more to the Yankees' triumph this year than just spirit. There was expert handling of players and maneuvering of a pitching staff which was sometimes unpredictable.

In the World Series McCarthy

never made a mistake in strategy. His master stroke was the use of Lefty Mousie Russo in the fourth game Sunday to give Spud Chandler an extra day of rest and have him ready for the clincher on Monday.

There was doubt about Russo's arm, which had been sore, and if he had been beaten McCarthy would have been second-guessed from coast to coast. But McCarthy knew what he was doing and Russo gave the best pitching performance of the series.

## Clean Sweeps Are Turned In By Three in Women's Teams

Light's Daughters, Hawkson's Treaders and Craig's Airsteppers continue to set the pace in the Ladies' Bowling League. They romped through their second matches on the schedule Tuesday night on the Main Street alleys, not only with clean sweeps but also with decisive margins of victory.

The Daughters, sparked by B. Hard with 536 and J. Olinger with 527, took all three games from the

## Pro Football Spotlight Is On Freshmen

By CHARLES CHAMBERLAIN  
CHICAGO, Oct. 13.—(P)—Foremost in the National Football League's statistical race is the feud between Sammy Baugh of the Washington Redskins and Sid Luckman of the Chicago Bears for the 1943 passing title.

With Cecil Isbell back at his old haunts at Purdue as assistant coach, Luckman and Baugh have a free hand to strike for one of the league's most coveted honors. However, at this early stage Rookie Ronnie Cahill of the Chicago Cardinals is keeping stride with the two veterans.

Although Luckman gave the former Holy Cross player a lesson in passing Sunday when the Bears beat the Cards, 20-0, Cahill has a record of 24 completions in 45 attempts for a gain of 278 yards.

Roby, Texas, Oct. 13.—(P)—The Rev. C. W. Parmenter, who combines catching with preaching, is doing all right at both.

The 50-year-old Methodist minister took over the Roby High School football team this year when a coach could not be obtained. He never had coached before—in fact, never had played the game. But he wanted the boys to have their football; besides, he liked a good scrap.

## -Spying- On Sports

By Hugh Fullerton, Jr.  
NEW YORK, Oct. 13.—(P)—Much to their surprise, the football experts are learning that some 17-year-old kids can play pretty good football. . . . Maybe they're not so good as the "men" but how's this for a 17-year-old All American backfield: Bob Hoerschmeyer, Indiana; Joe Mocha, Pitt; Dean Sensenbaur, Ohio State, and Johnny (he's only 16) Small, Penn. . . . Additional nominations will be accepted.

Sportscaster Bill Stern doesn't hold a card in the Carpenter's Union but he figures maybe he should apply for one after last Saturday. . . . After reaching the broadcasting coop for the Michigan-Notre Dame game, Bill discovered that the only chair available was so high that he couldn't talk into the mike. . . . So he located a saw somewhere and cut off the legs.

## WILDCAT-BLUEJACKET GAME SATURDAY TOPS

By BUCKY O'CONNOR  
CHICAGO, Oct. 13.—(P)—Picking the winner of the Northwestern-Great Lakes game Saturday is hazardous at best. The Wildcats, beaten only by Michigan, and the Bluejackets, victors in four of their five games, appear about as evenly matched as a pair of pennies—heads up.

With Notre Dame's great team meeting a weak Wisconsin club, powerful Purdue taking on the youths of Ohio State, and Michigan idle, the Wildcat-Bluejacket encounter at Evanston shapes up as the midwest's toughest battle on Saturday's program.

Northwestern's line will be outwitted some 10 pounds to the man, but Coach Lynn Waldorf hopes to offset that deficiency by having two complete forward walls to alternate against Great Lakes' bulky linemen.

Arbor where fall term examinations are being conducted.

Minnesota, preparing for Camp Grant, lost the services of tackle Don Bunge who left school because of his father's illness. . . . Coach Ray Eliot of Illinois regained the services of George Bujan, regular quarterback who had been out with injuries. . . . but he lost four other squad members to the armed services—two brothers Dee and Lee Alberts, Ralph Palmer and Jim Srednicki.

Jim Thorpe, still most people's idea of Mr. Football, has four sons enrolled in Oklahoma Indian schools, two at Chillico and two at Pawnee. . . . Jim turned down several good offers in his home state to return to his job with the Ford Company in Detroit. . . . Pete Cawthon, the football Dodgers' coach, claims that Sammy Baugh looks better every time Pete sees him. "We beat him in college when we could rush him," says Cawthon. "Now he could pass in a rocking chair and we'd never touch him."

Northwestern's line will be outwitted some 10 pounds to the man, but Coach Lynn Waldorf hopes to offset that deficiency by having two complete forward walls to alternate against Great Lakes' bulky linemen.

The Bluejackets were handed quite a scare last week before Ohio State succumbed 13-6.

At Ohio State the emphasis was on passing as the Bucks prepared for Purdue. . . . while the Boilermakers at LaFayette, Ind., took no chances and worked on defensive plans to stop Ernie Parks and Dean Sensenbaur. . . . Notre Dame concentrated on improving protection for Angelo Bertelli on punts and Wisconsin continued attention to fundamentals.

Chickadee of Green Bay took over as the leading ball carrier with 187 rushing yards and also topped the list in total offense with 365. Detroit's freshmen, Frankie Sinkwich and Chuck Fenenbox, dropped to second and third in ground-gaining with 153 and 141 yards, respectively. Canadeo's average gain a run is 7.2, bettered only by the 7.7 of his teammate, Joe Laws, whose running has accounted for 139 yards.

Richmond's nominee for the season's outstanding hard-luck footballer is Halfback Paul Jack of Thomas Jefferson High School. . . . In his final game last season, Jack had a 60-yard touchdown run called back for offside. . . . In his first three games this season he had payoff sprints of 45, 50 and 70 yards nullified. . . . In between he managed to make three touches that did count.

## Savold Matched

CLEVELAND, Oct. 13.—(P)—Lee Savold of Paterson, N. J., meets Eddie Blunt here Oct. 22, in an attempt to avenge the upset victory over him at Akron last week by the Brooklynite. The heavyweight bout is scheduled for 12 rounds, matchmaker Larry Atkins announced.

Dean McAdams of Brooklyn, runner-up to Baugh for last year's punting title, is trying to clinch it this time after averaging 40.9 yards on 17 kicks. Green Bay's Lou Brock has the best average, 41 yards, but has punted only five times.

## Cousin Ed Is Ill But Yanks a Tonic

NEW ROCHELLE, N. Y., Oct. 13.—(P)—Ed Barrow, known as "Cousin Ed" to every red-hot New York Yankee fan, rested easier today in his hospital room, happy because his club had won another World Series.

Barrow, business manager of the Yankees since 1920 and President since the death of owner Col. Jacob Ruppert, was brought to the hospital last Friday suffering from a heart ailment and arthritis.
